## Features

**Inverter System**

The CHIQ super-efficient inverter system is quieter than traditional compressors, keeps your food fresher and saves on energy consumption.

**Multi Air Flow System**

The CHIQ Multi Air Flow System ensures chilled air reaches each shelf quickly and uniformly to ensure your food stays fresh for longer. Also the unique design of the up turned air ducts avoids the chilled air drying out your food.

**Electronic Control System**

Inner Electric Setting for optimal control of temperature and humidity allowing food longer lasting freshness

**Interior LED light**

LED lights are energy efficient and reduce heat output, ensuring your food stays fresher for longer.

**Humidity Control Crisper**

You can adjust the integrated humidity control slider to low setting which allows fruit to stay fresh for longer or you can adjust the setting to high which helps leafy vegetables to stay crisp for longer.

**Perfect size for cabinet**

The compact design(H:1680mm) is perfect for the kitchen or the limited dimension of the cabinet.
